DATA SOURCES

The purpose of this data codebook is to provide detailed explanation on each variable in the *Virginia Pretrial Data Project*, a compilation of case information provided by state and local government agencies across Virginia. These agencies and their databases are as follows:

1. Supreme Court of Virginia, Office of the Executive Secretary (OES)
 - ✓ eMagistrate System
 - ✓ Circuit Court Case Management Systems (CMS)
 - ✓ General District Court CMS
 - ✓ Juvenile and Domestic Relations District Court (JDR) CMS
2. Fairfax County Circuit Court
 - ✓ Fairfax County Circuit Court CMS
3. Virginia Department of Criminal Justice Services
 - ✓ Pretrial and Community Corrections Case Management System (PTCC)
4. Virginia State Police (VSP)
 - ✓ Central Criminal Records Exchange (CCRE)
5. Virginia Department of Corrections
 - ✓ Corrections Information System (CORIS)
6. Virginia Compensation Board
 - ✓ Local Inmate Data System (LIDS)

The *Virginia Pretrial Data Project* combines all charge based records, merges into individual based contact events (see Definition in the next section), tracks each defendant's criminal history and incarceration records, and follows their activities till the final disposition. The *Project* also includes locality level data, collected from the Bureau of Labor Statistics, Census, and Virginia State Police.

WHAT'S NEW

There are two major changes in Pretrial Data Project 2023. First, the Alexandria Circuit Court transitioned its Case Management System data into the statewide system in 2024. Therefore, the Alexandria Circuit Court is no longer contacted directly for data request.

Second, for Pretrial Data Project 2023, the variable *Defendant_IndigencyStatus* is no longer included in the published data. Derived from defendant's attorney type at the case closure, this variable was previously used as a proxy measure of indigency in the Pretrial Data Project from 2018 to 2022. When a defendant was represented by either a public defender or a court-appointed attorney, the indigency proxy was calculated as 1, and vice versa.

DEFINITIONS

BAIL:

Definition: the pretrial release of a person from custody upon the terms and conditions specified by order of an appropriate judicial officer.

BOND:

Definition: the posting by a person or their surety of a written promise to pay a specific sum, ordered by an appropriate judicial officer as a condition of bail to assure performance of the terms and conditions contained in the recognizance. There are three major bond types: secured bond, unsecured bond, and personal recognizance.

CONTACT EVENT:

Definition: a contact event includes all charges against a defendant in the same jurisdiction on the same day and having the same CBR number (Commit, Bond, Release), as defined in the eMagistrate System.

FIRST CONTACT EVENT:

Definition: the first contact event is the earliest contact event of a defendant from January 1st to December 31st in each calendar year. For individuals having more than one contact event during the calendar year, only the first contact event was included in the *Virginia Pretrial Data Project*.

FOLLOW-UP PERIOD:

Definition: the follow-up period is defined as the time between a defendant's first contact event date and the final disposition date or 15 months after the end of the calendar year, whichever comes first. For each first contact event, all the law-breaking activities during the follow-up period are tracked, including probation violation and new arrest.

HELD WITH SECURED BOND (ENTIRE PRETRIAL PERIOD):

Definition: a judicial officer ordered that the defendant be detained subject to certain conditions of release, including a secured bond, and neither the defendant nor their surety posted a written promise to pay a specific sum to secure the defendant's release. This variable is referred to as "detained on secured bond for entire pretrial period" in the main body of the report.

HELD WITHOUT BOND (DENIED BAIL):

Definition: a judicial officer ordered that the defendant be detained without any conditions of release.

PERSONAL RECOGNIZANCE (PR) BOND:

Definition: the release of the defendant after the defendant makes a written promise to appear before the court and abide by any terms of release.

PRAXIS

Definition: PRAXIS refers to a recommendation to continue with pretrial detention or release, calculated by a portion of the VPRAI (Virginia Pretrial Risk Assessment Instrument, see VPRAI definition). If the recommendation is to release, the Praxis will include the terms of release that should be imposed to mitigate the risk of flight and re-offense.

PRETRIAL PERIOD:

Definition: the various stages of a criminal case from the time a defendant is charged with an offense until the final disposition (trial and/or sentencing) of the matter.

PSA (PUBLIC SAFETY ASSESSMENT)

Definition: The Public Safety Assessment (PSA) is a pretrial risk assessment tool developed by the Laura and John Arnold Foundation. PSA uses nine risk factors to assess the risk of failure to appear (FTA), new criminal activity (NCA), and new violent criminal activity (NVCA) pending case disposition.

SECURED BOND:

Definition: the release of the defendant after either the defendant or their surety posts a written promise to pay a specific sum. This can include a deposit of cash or a solvent surety (such as a bail bondsman, family member, or friend) who agrees to enter the obligation for the bond amount.

SUMMONS:

Definition: the release of the defendant by a law enforcement officer or magistrate after providing the defendant with written notice of a time and place to appear and receiving a written promise by the defendant to appear.

UNSECURED BOND:

Definition: the release of the defendant after the defendant makes a written promise to pay a specific sum, without paying such specific sum; however, if the defendant fails to appear before the court, the defendant may be liable for the monetary amount of the bond.

VPRAI (VIRGINIA PRETRIAL ASESSMENT INSTRUMENT)

Definition: A Virginia Pretrial Risk Assessment Instrument (VPRAI) examines a defendant's status at the time of the arrest as it relates to the current charges, pending charges, criminal history, residence, employment, primary caregiver, and history of drug abuse. The VPRAI is automated and contained in the Pretrial and Community Corrections Case Management System (PTCC).

DEFENDANT DEMOGRAPHICS

Variables in this section present defendants' demographic information. The primary data sources were the OES eMagistrate System and CMS databases, supplemented by available information from the defendant's Virginia State Police criminal history record.

1. First Contact Event Index (ContactEventIndex)

Definition: Index of the first contact event. It runs from 1 to the maximum number of the first contact events in the calendar year.

2. First Contact Event Year (ContactEventYear)

Definition: Year of the first contact event.

3. Defendant Index (Defendant_ID)

Definition: Unique index assigned to each defendant in a random manner. Calculation of such index started from calendar year 2018 and continues to the most recent year. Same individuals keep the same index number through all databases in the *Virginia Pretrial Data Project*.

4. Sex of Defendant (Defendant_Sex)

Definition: Sex of the defendant at the time of the first contact event.

Label	Code
Female	F
Male	M
Unknown	U

5. Race of Defendant (Defendant_Race)

Definition: Race of the defendant at the time of the first contact event.

Note: The Virginia State Police uses the race codes standardized by the National Crime Information Center (NCIC). While the OES Court CMSs have the capacity to capture the Hispanic ethnicity, NCIC rules of classification categorize the Hispanic ethnicity within the White racial category. As such, individuals of Hispanic ethnicity are included within the White racial category.

Label	Code
Asian or Pacific Islander	A
Black	B
American Indian or Alaskan Native	I
Unknown	U
White	W

6. Birth Year of Defendant (Defendant_BirthYear)

Definition: Birth year of the defendant.

7. Age of Defendant at Time of First Contact Event (Defendant_AgeAtContactEvent)

Definition: Age of the defendant at the time of the first contact event.

8. Age Group of Defendant at Time of First Contact Event (Defendant_AgeGroupAtContactEvent)

Definition: Age group of defendants at the time of the first contact event.

Label	Code
15-17 years of age	1
18-25 years of age	2
26-35 years of age	3
36-45 years of age	4
46-55 years of age	5
56-65 years of age	6
Over 65 years of age	7
Unknown	9

9. Attorney Type Assigned at Case Closure (Defendant_AttorneyTypeAtCaseClosure)

Definition: Type of defense attorney assigned to the defendant at case closure.

Label	Code
Appointed (court-appointed)	1
Public defender	2
Both court appointed and public defender	3
Retained by defendant	4
Waived	5
Court designation not to impose jail time	6
None	8
Unknown	9

10. Zip Code (Defendant_RecordedZipCode)

Definition: The 5-digit residential zip code of the defendant at the time of the first contact event.

11. Virginia Residency Status (Defendant_VirginiaResidencyStatus)

Definition: Indicator whether the defendant lived within Virginia at the time of the first contact event.

Label	Code
Not Virginia resident	0
Virginia resident	1
Unknown	9

PRETRIAL RELEASE STATUS AND BOND INFORMATION

Variables in this section present defendants' pretrial information. Data came from the OES eMagistrate System, CMS, Virginia Local Inmate System (LIDS), and Pretrial and Community Corrections Case Management System (PTCC), supplemented by available information from defendant's Virginia State Police criminal history record.

12. Whether Defendant Was Released During Pretrial Period (WhetherDefendantWasReleasedPretrial)

Definition: Indicator whether defendant was released during the pretrial period before final disposition.

Note: The indicator was calculated based on information from the OES eMagistrate System and the Compensation Board's Local Inmate Data System (LIDS). Release was determined based on the date from the DC-330 recognizance form. If the DC-330 date was missing, it was assumed the magistrate did not release the individual. Meanwhile, if the date on the DC-352 bail release commitment order form was missing, it was assumed that the individual was released the same day as arrested. The accused may have been released directly by the court, or the charge *nolle prosequi*, dismissed, or the accused found not guilty. LIDS was further used to cross-validate release information and fill in any gaps not identified by the OES eMagistrate System.

Label	Code
Not released	0
Released	1

13. Pretrial Release Date (PretrialReleaseDate)

Definition: Pretrial release date of the defendant if released.

Note: The variable was developed based upon the date the DC-330 was issued in the OES eMagistrate System and validated by the LIDS database.

14. Days Between Contact Event and Pretrial Release (DaysBetweenContactEventAndPretrialRelease)

Definition: Number of days between the first contact event date and the pretrial release date if released.

15. Pretrial Release Type (PretrialReleaseType)

Definition: Classification of pretrial release type.

Label	Code
Not released pretrial	0
Personal recognizance without pretrial services agency supervision	1
Summons without pretrial services agency supervision	2
Unsecured bond without pretrial services agency supervision	3
Secured bond without pretrial services agency supervision	4
Personal recognizance with pretrial services agency supervision	5
Summons with pretrial services agency supervision	6
Unsecured bond with pretrial services agency supervision	7
Secured bond with pretrial services agency supervision	8
Cannot determine bond type (insufficient information, bond type at release unclear)	9

16. Bond Type at Initial Contact (BondTypeAtInitialContact)

Definition: Initial bail determination at the defendant's first contact event.

Note: When the defendant was ordered more than one type of bond for the charges in their first contact event, a hierarchical order was applied to select the bond type ranked from most to least restrictive: secured bond, unsecured bond, personal recognizance, and summons.

Label	Code
Held without bond	1
Secured bond	2
Unsecured bond	3
Personal recognizance bond	4
No decision at magistrate, judge bond hearing	5
Released on summons	6
Direct indictment, initial bond type unknown	7
Insufficient/missing information	9

17. Bond Amount at Initial Contact (BondAmountAtInitialContact)

Definition: Initial bond amount set by the magistrate at commitment at the defendant's first contact event.

Note: When a defendant had multiple charges with different bond amount, the maximum value was taken.

18. Bond Type at Release (BondTypeAtRelease)

Definition: Bond type at release if released.

Note: This dataset only captures bond type at initial contact and at ultimate release. It does not include modifications to bond type or conditions in between.

Label	Code
Not released	1
Secured bond	2
Unsecured bond	3
Personal recognizance bond	4
Bond set but coded as unable/unwilling/change accused conditions – no release information found	5
Released on summons	6
Release confirmed in LIDS but bond type cannot be determined	7
Insufficient/missing information	9

19. Bond Amount at Release (BondAmountAtRelease)

Definition: Bond amount at release in dollars.

Note: When a defendant had multiple charges with different bond amount, the maximum value was taken.

20. Whether Defendant Received Pretrial Services Agency Supervision

(WhetherDefendantReceivedPretrialSupervision)

Definition: Indicator whether defendant received pretrial services agency supervision.

Label	Code
No	0
Yes	1

21. Days Between Release and Active Supervision (DaysBetweenReleaseAndActivePretrialSupervision)

Definition: Number of days between the pretrial release date and the active pretrial services agency supervision start date.

22. Days Between Referral and Active Supervision

(DaysBetweenPretrialSupervisionReferralandActiveDate)

Definition: Number of days between the pretrial services agency supervision referral date and the active pretrial services agency supervision start date.

23. Whether Defendant Met Bail Terms by Court (Indicator_BailTermSetByCourt)

Definition: A proxy indicator whether defendant met conditions for the judicial officer to set bail in accordance with the order of the court on a capias per Virginia Code §19.2-130.1.

Label	Code
No	0
Yes	1
Not applicable (not from E-magistrate)	9

24. Presumptive Denial of Bail (Indicator_PresumptiveDenialOfBail19.2_120)

Definition: A proxy indicator whether defendant met conditions for presumptive denial of bail per Virginia Code §19.2-120.

Note: This variable was calculated based upon code section conditions for §19.2-120. It has limited information and only provides an "at least" amount of contact events/defendants that meet the conditions outlined in the given statute.

Label	Code
Offense is not specifically listed in 19.2-120 (may still be covered under B5 or B6)	0
Offense is covered if certain conditions are met	1
Offense is covered (or certain conditions are sufficiently met)	2
Unknown/missing information	9

25. Defendant Required to Release on Secure Bond

(Indicator_ConditionsToBeReleasedOnSecuredBond19.2_123)

Definition: A proxy indicator whether defendant met conditions for requiring the judicial officer to impose a secured bond per Virginia Code §19.2-123.

Label	Code
Not subject to any conditions defined by §19.2-123 (given all available information)	0
Subject to condition 1: arrested on felony previously convicted of a felony	1
Subject to condition 2: presence of bond violation on first contact event	2
Subject to condition 3: on probation or parole	3
Subject to both condition 1 & condition 2	4
Subject to both condition 1 & condition 3	5
Subject to both condition 2 & condition 3	6
Subject to all three conditions	7

26. Type of Surety for Defendants Released on Secured Bond (TypeofSuretyIfReleasedOnSecuredBond)

Definition: Type of surety used to post bond for defendants who were released on a secured bond.

Label	Code
Bondsman only	1
Cash only	2
Other only	3
Bondsman and Cash	4
Bondsman and Other	5
Cash and Other	6
Bondsman, Cash, and Other: All posted	7
Insufficient bond information	9

27. Additional Jail Time (AdditionalJailTimeServedAfterInitialPretrialRelease)

Definition: Additional jail time in days served after a defendant was released for their first contact event until the final disposition.

FIRST CONTACT EVENT

Variables in this section report on defendants' first contact event information. The primary data sources were the OES eMagistrate System and CMS databases, supplemented by the defendant's Virginia State Police criminal history record.

28. Cohort Contact Date (ContactEventDate)

Definition: Date of the first contact event.

29. Cohort Contact Event Type (ContactEventType)

Definition: Contact event type of the first contact event.

Label	Code
Appeared before magistrate	1
Arrested following direct indictment	2
Summons issued	3

30. Contact Event Offense Type (OverallTypeofOffense)

Definition: Overall type of charges in the first contact event.

Label	Code
Contact event includes only felony charge (including felony probation violation if accompanying other felony)	1
Contact event includes one or more felony charges and nonfelonies	2
Contact event includes only misdemeanor or special class charges (including probation violation)	3
Contact event includes only probation violation, failure to appear, or contempt of court charges	4
Contact event includes only infractions	5
Combination of nonfelony charges (including probation violation, failure to appear, and contempt of court if accompanying other charges)	6
Unknown	9

31. Whether Offenses Punishable by Incarceration (WhetherOffensesPunishablebyIncarceration)

Definition: Indicator whether at least one offense in the first contact event was punishable by incarceration.

Label	Code
No	0
Yes	1
Unknown	9

32. Court Type (CourtType)

Definition: Court type from which charges originated for the first contact event.

Label	Code
Circuit Court	1
General District Court	2
Juvenile and Domestic Relations Court	3
Charges originated from multiple court levels	4

33. Number of Offense Types in Contact Event (NumberOfOffenseType)

Definition: Number of offense types in the first contact event.

Note: This variable was calculated based on the offense type definition by Virginia Sentencing Commission's Guidelines. Major offense types are assault, burglary, drug, fraud, kidnapping, larceny, murder/homicide, sexual assault, rape, robbery, traffic, weapon, and violation of pre-existing conditions. All other offenses are grouped as miscellaneous. For instance, if a defendant is charged with four counts of simple assault and three counts of rape, the number of offense types is two (assault and rape).

34. Number of Total Charge Counts in Contact Event (NumberOfTotalOffenseCount)

Definition: Total number of offense counts in the first contact event.

35. VCC of Most Serious Offense in Contact Event (VCC_MostSeriousOffense)

Definition: Virginia Crime Code (VCC) for the most serious offense regardless of final disposition in the first contact event. The VCCs are comprised of a combination of nine letters and numbers (e.g., BUR2211F3). The first three letters of each VCC represent an abbreviation of the broad offense title under which the crime falls, the next four digits are an identification code unique to each crime, and the last two digits represent the seriousness index based on the statutory maximum penalty for the crime. For more information on the Virginia Crime Codes (VCC), see http://www.vesc.virginia.gov/codes_qbe.html.

Note: With all the charge information collected from OES eMagistrate and CMS systems, VCC records in the same contact event were ranked by their penalty structure and seriousness. The top VCC was extracted as this variable. All following VCC related variables were calculated with the same algorithm. Up to top ten VCCs were extracted.

36. VCC Prefix of Most Serious Offense in Contact Event (VCCPrefix_MostSeriousOffense)

Definition: VCC prefix of the most serious offense regardless of final disposition in the first contact event. For instance, the prefix "BUR" is used for all burglary offenses, "ARS" for all arson offenses, "ASL" for all assault offenses, and so forth.

37. VCC Classification of Most Serious Offense in Contact Event

(VCCClassification_MostSeriousOffense)

Definition: VCC seriousness index of the most serious offense. It is the last two digits of the VCC code. The first letter indicates the case type of the offense. For example, "F" indicates a felony offense, "M" a misdemeanor offense, "I" infraction, and "S" special penalty. The second position of the classification is the seriousness index. When the letter "F" is paired with the number 2 (F2), the offense is a Class 2 felony with a statutory maximum penalty of life. In contrast, VCC classification of "M3" represents a Class 3 misdemeanor with a maximum penalty of a fine only.

Label	Code
Class 1 Felony (F1)	F1
Class 2 Felony (F2)	F2
Class 3 Felony (F3)	F3
Class 4 Felony (F4)	F4
Class 5 Felony (F5)	F5
Class 6 Felony (F6)	F6
Unclassified/Undetermined Felony (F9)	F9
Class 1 Misdemeanor (M1)	M1
Class 2 Misdemeanor (M2)	M2
Unclassified/Undetermined Misdemeanor (M9)	M9
Special Class Offense (S9)	S9

38. VCC of Second Serious Offense in Contact Event (VCC_SecondSeriousOffense_IfAny)

Definition: VCC code for the second serious offense regardless of final disposition in the first contact event.

39. VCC of Third Serious Offense in Contact Event (VCC_ThirdSeriousOffense_IfAny)

Definition: VCC code for the third serious offense regardless of final disposition in the first contact event.

40. VCC of Fourth Serious Offense in Contact Event (VCC_FourthSeriousOffense_IfAny)

Definition: VCC code for the fourth serious offense regardless of final disposition in the first contact event.

41. VCC of Fifth Serious Offense in Contact Event (VCC_FifthSeriousOffense_IfAny)

Definition: VCC code for the fifth serious offense regardless of final disposition in the first contact event.

42. VCC of Sixth Serious Offense in Contact Event (VCC_SixthSeriousOffense_IfAny)

Definition: VCC code for the sixth serious offense regardless of final disposition in the first contact event.

43. VCC of Seventh Serious Offense in Contact Event (VCC_SeventhSeriousOffense_IfAny)

Definition: VCC code for the seventh serious offense regardless of final disposition in the first contact event.

44. VCC of Eighth Serious Offense in Contact Event (VCC_EighthSeriousOffense_IfAny)

Definition: VCC code for the eighth serious offense regardless of final disposition in the first contact event.

45. VCC of Ninth Serious Offense in Contact Event (VCC_NinthSeriousOffense_IfAny)

Definition: VCC code for the ninth serious offense regardless of final disposition in the first contact event.

46. VCC of Tenth Serious Offense in Contact Event (VCC_TenthSeriousOffense_IfAny)

Definition: VCC code for the tenth serious offense regardless of final disposition in the first contact event.

47. Code Section of Most Serious Offense in Contact Event (CodeSection_MostSereiousOffense)

Definition: Code section for the most serious offense regardless of final disposition in the first contact event.

48. Code Section of Second Serious Offense in Contact Event

(CodeSection_SecondSereiousOffense_IfAny)

Definition: Code section for the second serious offense in the first contact event.

49. Code Section of Third Serious Offense in Contact Event

(CodeSection_ThirdSereiousOffense_IfAny)

Definition: Code section for the third serious offense in the first contact event.

50. Code Section of Fourth Serious Offense in Contact Event

(CodeSection_FourthSereiousOffense_IfAny)

Definition: Code section for the fourth serious offense in the first contact event.

51. Code Section of Fifth Serious Offense in Contact Event (CodeSection_FifthSereiousOffense_IfAny)

Definition: Code section for the fifth serious offense in the first contact event.

52. Code Section of Sixth Serious Offense in Contact Event (CodeSection_SixthSereiousOffense_IfAny)

Definition: Code section for the sixth serious offense in the first contact event.

53. Code Section of Seventh Serious Offense in Contact Event

(CodeSection_SeventhSereiousOffense_IfAny)

Definition: Code section for the seventh serious offense in the first contact event.

54. Code Section of Eighth Serious Offense in Contact Event

(CodeSection_EighthSereiousOffense_IfAny)

Definition: Code section for the eighth serious offense in the first contact event.

55. Code Section of Ninth Serious Offense in Contact Event (CodeSection_NinthSereiousOffense_IfAny)

Definition: Code section for the ninth serious offense regardless of final disposition in the first contact event.

56. Code Section of Tenth Serious Offense in Contact Event

(CodeSection_TenthSereiousOffense_IfAny)

Definition: Code section for the tenth serious offense in the first contact event.

57. Case Type of Most Serious Offense in Contact Event (CaseType_MostSeriousOffense)

Definition: Case type for the most serious offense in the first contact event. All offenses in the *Project* are grouped into four categories: felony, misdemeanor, infraction, and special.

Label	Code
Felony	F
Infraction	I
Misdemeanor	M
Special case	S

58. Case Type of Second Serious Offense in Contact Event (CaseType_SecondSeriousOffense_IfAny)

Definition: Case type for the second serious offense in the first contact event.

59. Case Type of Third Serious Offense in Contact Event (CaseType_ThirdSeriousOffense_IfAny)

Definition: Case type for the third serious offense in the first contact event.

60. Case Type of Fourth Serious Offense in Contact Event (CaseType_FourthSeriousOffense_IfAny)

Definition: Case type for the fourth serious offense in the first contact event.

61. Case Type of Fifth Serious Offense in Contact Event (CaseType_FifthSeriousOffense_IfAny)

Definition: Case type for the fifth serious offense in the first contact event.

62. Case Type of Sixth Serious Offense in Contact Event (CaseType_SixthSeriousOffense_IfAny)

Definition: Case type for the sixth serious offense in the first contact event.

63. Case Type of Seventh Serious Offense in Contact Event (CaseType_SeventhSeriousOffense_IfAny)

Definition: Case type for the seventh serious offense in the first contact event.

64. Case Type of Eighth Serious Offense in Contact Event (CaseType_EighthSeriousOffense_IfAny)

Definition: Case type for the eighth serious offense in the first contact event.

65. Case Type of Ninth Serious Offense in Contact Event (CaseType_NinthSeriousOffense_IfAny)

Definition: Case type for the ninth serious offense regardless of final disposition in the first contact event.

66. Case Type of Tenth Serious Offense in Contact Event (CaseType_TenthSeriousOffense_IfAny)

Definition: Case type for the tenth serious offense regardless of final disposition in the first contact event.

67. Counts of Most Serious Offense in Contact Event (OffenseCounts_MostSeriousOffense)

Definition: Number of counts for the most serious offense in the first contact event.

68. Counts of Second Serious Offense in Contact Event (OffenseCounts_SecondSeriousOffense_IfAny)

Definition: Number of counts for the second serious offense in the first contact event.

69. Counts of Third Serious Offense in Contact Event (OffenseCounts_ThirdSeriousOffense_IfAny)

Definition: Number of counts for the third serious offense in the first contact event.

70. Counts of Fourth Serious Offense in Contact Event (OffenseCounts_FourthSeriousOffense_IfAny)

Definition: Number of counts for the fourth serious offense in the first contact event.

71. Counts of Fifth Serious Offense in Contact Event (OffenseCounts_FifthSeriousOffense_IfAny)

Definition: Number of counts for the fifth serious offense in the first contact event.

72. Counts of Sixth Serious Offense in Contact Event (OffenseCounts_SixthSeriousOffense_IfAny)

Definition: Number of counts for the sixth serious offense in the first contact event.

73. Counts of Seventh Serious Offense in Contact Event (OffenseCounts_SeventhSeriousOffense_IfAny)

Definition: Number of counts for the seventh serious offense in the first contact event.

74. Counts of Eighth Serious Offense in Contact Event (OffenseCounts_EighthSeriousOffense_IfAny)

Definition: Number of counts for the eighth serious offense in the first contact event.

75. Counts of Ninth Serious Offense in Contact Event (OffenseCounts_NinthSeriousOffense_IfAny)

Definition: Number of counts for the ninth serious offense in the first contact event.

76. Counts of Tenth Serious Offense in Contact Event (OffenseCounts_TenthSeriousOffense_IfAny)

Definition: Number of counts for the tenth serious offense in the first contact event.

77. Whether Felony Drug, Larceny, or Fraud (CurrentCharge_FelonyDrugLarcenyFraud)

Definition: Indicator whether any charge in the first contact event was a felony drug, larceny, or fraud offense.

Label	Code
No	0
Yes	1

78. Whether Felony Drug (CurrentCharge_FelonyDrug)

Definition: Indicator whether any charge in the first contact event was a felony drug offense.

Label	Code
No	0
Yes	1

79. Whether Misdemeanor Drug (CurrentCharge_MisdemeanorDrug)

Definition: Indicator whether any charge in the first contact event was a misdemeanor drug offense.

Label	Code
No	0
Yes	1

80. Whether PSA Violent (CurrentCharge_PSAViolent)

Definition: Indicator whether any charge in the first contact event was a violent offense, based on the Public Safety Assessment (PSA) definition.

81. Whether PSA Violent Defendant Less Than 21 Years Old

(CurrentCharge_PSAViolentAgeLessThan21)

Definition: Indicator whether any charge in the first contact event was a violent offense (PSA definition) and the defendant was under 21 years of age at arrest.

Label	Code
No	0
Yes	1

PRIOR IN-STATE CRIMINAL HISTORY RECORD

Variables in this section relate to defendants' criminal history in the state of Virginia. Primary data source was Virginia State Police criminal history record, supplemented by CMS databases, Virginia Department of Corrections' Correctional Information System (CORIS), and Department of Criminal Justice Services' Pretrial and Community Corrections Case Management System (PTCC).

Virginia is a Criminal Justice Information Services (CJIS) Systems Agency signatory state and has agreed to adhere to the Federal Bureau of Investigation's (FBI) CJIS policies, which prohibit disseminating out-of-state criminal histories for noncriminal justice purposes. As such, out-of-state criminal histories were not included in this *Project*.

82. Whether Pending Charge PSA (PendingChargeAtContactEvent)

Definition: Indicator whether defendant had a pending charge at the time of the first contact event based on the Public Safety Assessment (PSA) definition.

Label	Code
No	0
Yes	1
Undetermined	9

83. Whether on State Supervision (WhetherOnStateProbationAtContactEvent)

Definition: Indicator whether defendant was on active Virginia Department of Corrections (DOC) supervision at the time of the first contact event.

Label	Code
No	0
Yes	1
Undetermined	9

84. Whether on Local Community Supervision (WhetherOnLocalProbationAtContactEvent)

Definition: Indicator whether defendant was on active local community probation or pretrial services agency supervision at the time of the first contact event.

Label	Code
No	0
Yes	1
Undetermined	9

85. Age at First Adult Arrest (AgeAtFirstAdultArrest)

Definition: Age of defendant at first adult arrest.

86. Prior Arrests (PriorArrests)

Definition: Total number of prior arrests for felonies or misdemeanors punishable by incarceration.

87. Prior Felony Arrests (PriorFelonyArrests)

Definition: Total number of prior felony arrests.

88. Prior Misdemeanor Arrests (PriorMisdemeanorArrests)

Definition: Total number of prior misdemeanor arrests.

89. Prior Misdemeanor Arrests Including Non-Jailable Offenses

(PriorMisdemeanorArrests_IncludingNonJailable)

Definition: Total number of prior misdemeanor arrests including non-jailable offense.

90. Prior Arrests for Domestic Assault (PriorDomesticAssaultArrests)

Definition: Total number of prior arrests for felony or misdemeanor domestic assault.

91. Prior Arrests for Felony Assault, Probation Violation, Other Supervision or Suspended Sentence Violations (PriorFelonyAssaultPRBArrests)

DISPOSITION OF FIRST CONTACT EVENT

Variables in this section provide information on defendants' final disposition. Data was collected from CMS databases, supplemented by defendant's Virginia State Police (VSP) criminal history record.

190. Final Disposition for All Charges at Conviction: (FinalDispositionOfAllCharges)

Definition: Final disposition of all charges in the first contact event.

Note: Charges were tracked through the last day of the follow-up period. Final dispositions include convicted, dismissed, *nolle prosequi*, not guilty, pending, or other. A final disposition of "convicted" applies to cases where at least one charge was convicted guilty. A final disposition of "dismissed" includes charges that were dismissed before or during the trial of matter, as well as charges that were deferred and ultimately dismissed between the start of the study period and the end of the follow-up time. Codes of mistrial (M), RES (resolved), withdrawn (W), and complied with law (CL) were classified as "dismissed." The code of not guilty by reason of insanity (NGRI) was classified as "not guilty."

If multiple charges in the contact event were heard on the same day and resulted in varying final dispositions of dismissed, *nolle prosequi*, or not guilty, then the following hierarchy rule applies for classification of the final disposition of the contact event: not guilty, dismissed, *nolle prosequi*, and other. If multiple charges in the contact event were heard on different days and resulted in varying final dispositions of dismissed, *nolle prosequi*, or not guilty, then the contact event was classified using the most recent final disposition.

A disposition status of "pending" includes charges in the contact event without a final case disposition as of the last day of the follow-up period, including charges that were in deferred status. If one or more of the charges were still pending on that date, the individual's disposition status is classified as pending.

COURT APPEARANCE AND NEW ARREST

Variables in this section present defendants' activities during the follow-up period. Data came from eMagistrate system, CMS systems, as well as defendant's Virginia State Police (VSP) criminal history record.

Variables related to PSA were calculated based on PSA Scoring Manual developed by Arnold Ventures.

208. New FTA (ChargedWithNewFTA)

Definition: Indicator whether defendant was charged with a new failure to appear (FTA) offense, including contempt of court for FTA.

Note: Charges of failure to appear were pursuant to Virginia Code §§ 19.2-128, 18.2-456, 16.1-69.24, 29.1-210, 46.2-936, 46.2-938, or 19.2-152.4:1. Charges under Virginia Code §§ 16.1-69.24 and 46.2-938, as well as general contempt of court charges under Virginia Code § 18.2-456, were only included if the charge description indicated that the charge was based on a failure to appear. A methodology was not able to be developed to determine if all FTA charges were linked specifically to the first contact event. However, staff was able to determine that approximately 80% of defendants charged with FTA during the pretrial period did not have a pending criminal charge at the time of the first contact event, while approximately 20% of defendants charged with FTA during the pretrial period did have a pending criminal charge at the time of their first contact event. However, it was unclear if their new FTA charge was related to the pending criminal charge or to the first contact event. It was also found that, at most 6% of FTA charges during the pretrial period may have been in relation to a civil matter (i.e., failure to pay child support). Finally, if the defendant was arrested for a new offense during the pretrial period and was subsequently charged with FTA during the pretrial period, the methodology was not able to clearly determine whether the FTA charge was related to the first contact event or to the new offense.
